STUDENT SUPPORTING COMMENTS

RECOMMEND CLASS

Homework was fair and helpful. Lectures were very intuitive and helped with homework questions.

RECOMMEND CLASS

I would absolutely recommend taking this course with Professor Adhia. He does an incredible job and keeping students interested. Great at explaining difficult concepts and does an extremely good job assigning homework Assignments related to the course material. Homeworks for this class are very helpful and encouraging. Just the right amount of work load for overall success.

SUGGESTED IMPROVEMENTS

Nothing he can do different to make this a better learning process. Excellent professor. Highly recommended.

RECOMMEND CLASS

Overall the course was fun and the content was clear.

SUGGESTED IMPROVEMENTS

I believe the professor could have been more flexible with his officwe hours. he could also reach out to a students he saw was stuggling.

RECOMMEND CLASS

The order and the whole process to accomplish the learning objectives made sense and was easy to follow.

RECOMMEND CLASS

This course was decent if it is something that the person has an interest in and also if it is part of the major requirements like it is for me. Sometimes it was a struggle but there is an si and even though I never used the si, if someone was to struggle in the class they could go to them. Also the power points are decent.

SUGGESTED IMPROVEMENTS

I would say to maybe do the homework's differently. I liked how it graded it right away but the professor did not make up the questions and they were usually a lot harder than what he talked about in class. Another thing that I would change is the test format, i liked being able to choose which ones to answer but if some of them were multiple choice or true/false for example but still keep the ability to answer a certain amount it would make a big difference and make them a lot easier but still challenging enough

RECOMMEND CLASS

I believe that Professor Adia is a great teacher. He is clearly very intelligent and knows exactly what he is talking about. He makes sure everyone understands the material before moving on and he himself is very understanding and caring. He is very good at what he does. I would definitely recommend this class to a friend and I would definitely take another course with Professor Adia if I could.

SUGGESTED IMPROVEMENTS

I don't think he has to change anything, he does a great job.

RECOMMEND CLASS

Yes,he is passionate about teaching but a very hard grader.

SUGGESTED IMPROVEMENTS

n/a

RECOMMEND CLASS

This class thoroughly explain the introductory concepts to microeconomics. Each concept is explained in an easy to understand way as well as the professor is very lenient towards work.

RECOMMEND CLASS

The professor was always prepared for class and was helpful when giving assignments

RECOMMEND CLASS

He is a professor who cares about his students and teaches a great class. It is interesting and very productive.

SUGGESTED IMPROVEMENTS

Use his examples more than his power points, but still a great class that went very well

RECOMMEND CLASS

The way the professor gives the class makes the content really interesting, it is a hard but interesting class.

SUGGESTED IMPROVEMENTS

The professor was really good in giving his class.

RECOMMEND CLASS

If they are interested in Economics.

SUGGESTED IMPROVEMENTS

More review before exams should be given

RECOMMEND CLASS

I think it is an interesting class although I took economics for 6 years in high school and this class is slightly easy I still enjoyed it.

SUGGESTED IMPROVEMENTS

He could ask more questions to the students.

RECOMMEND CLASS

The professor is responsible to the students and the courses he gave were helpful in the future study in Bussiness area.

SUGGESTED IMPROVEMENTS

1. He showed some video connected with coursecse concept to help students with their understanding towards the chapter or theory he mentioned in classes. 2. He helped me with my homweork in his office hour a lot. 3. The homework and the exams are connected with what we learned in the classes.

RECOMMEND CLASS

The professor always provided extensive notes in class. I preferred his notes to the explanations provided by the textbook. While Microeconomics is not necessarily a "fun" subject, the professor made this course as interesting and interactive as possible. The professor always made a point of answering questions and going over homework in class so as to ensure the students understood the subject matter.

SUGGESTED IMPROVEMENTS

I would have preferred having a quiz or two before the midterm, as there was no "forced" memorization prior to that. While I did well on the midterm, I think I would have felt less overwhelmed had we been tested on some of the subject matter beforehand. While I always did the homework assignments, the midterm was a bit of a drastic switch from always being able to refer to notes while doing homework. Also, the majority of the assignments had been on the computer, so doing everything by hand for the midterm with no skeleton/outline was definitely an adjustment.

RECOMMEND CLASS

Because it's required and you can't do any higher level course in EFM without it. It's also very fun. Professor was funny, informative, and always prepared for class.

SUGGESTED IMPROVEMENTS

Maybe not have such a huge disconnect between the material taught in class and the homework. Most times, when I would do the homework I felt like I was learning something brand new even if I had learned it that day in class.
