STUDENT SUPPORTING COMMENTS

RECOMMEND CLASS

I enjoyed this course. I acquired a lot of knowledge and now have a different perspective on trade. A more positive view point.

SUGGESTED IMPROVEMENTS

The instructor was excellent. Though, perhaps he should slow down just a bit when he runs through the slides.

RECOMMEND CLASS

I would recommend this course to other students because it shines the light on a topic that affects every single one of us and not talked about enough. What seems like a political issue is actually something that mainly affects consumers. I also enjoyed The Choice and found it very helpful in further explaining the topics covered in this course.

SUGGESTED IMPROVEMENTS

I enjoyed the course and find that the way professor Adhia portrays the topics is efficient and easy to understand. I would recommend any of his courses.

RECOMMEND CLASS

Very engaging,ability to share ideas among the class.

SUGGESTED IMPROVEMENTS

Eliminate questions about how to prepare for exams by providing more concise study guides, and possibly letting students know what will be most heavily weighted on exams to help prioritize preparation for the student.

RECOMMEND CLASS

This was a good class and the professor breaks the term down accordingly making sure students are not stress completing class assignments.

SUGGESTED IMPROVEMENTS

It would be helpful if we had more in class assignments.

RECOMMEND CLASS

I very much enjoyed this course.

SUGGESTED IMPROVEMENTS

Could have more quizzes to review from

RECOMMEND CLASS

I would recommend this class to anyone who is interesting in international trade or that is majoring in international studies because it is a very interesting course where you learn a lot about the policies of trade.

SUGGESTED IMPROVEMENTS

The class was very clear and it met all my expectations. Nothing to improve!

RECOMMEND CLASS

I like this course because it gave me good knowledge how free trade works and what advantages and disadvantages it has. Also, it helped to understand the reasons between consumers and producers, how they work and for what benefits they do businesses. Lastly,

I learned about some international organizations and there tasks on the global stage.

SUGGESTED IMPROVEMENTS

It would be very helpful and useful for students to have all power points before the class, as it would be easier to take notes. Also, I would prefer to have more explained information about each topic for students to understand material better - more explanations on power points and more examples.

RECOMMEND CLASS

This course proved to be very beneficial to me as it broadened my understanding of economics and international trade. I liked how the course was kind of front loaded with the majority of the work coming in the early part of the semester as it allowed for me to better focus on this course's work instead of being slammed with work at the end of the semester.

SUGGESTED IMPROVEMENTS

I felt that Professor Adhia did a very good job of keeping the other students and I engaged in what he was teaching whether it was through examples or videos that really pointed to the importance of international trade. Although the classes typically started as a lecture it would often open up to a discussion with the class that allowed for the opinions and questions of the students to be heard and Professor Adhia was able to provide answers and responses that, I believe, allowed the entire class to better understand what he was teaching us.

RECOMMEND CLASS

Because this course gives you a full understanding of International Trade. It is very helpful to understand the current political situation as well as the main theories that explain the economic exchange of goods and service among nations. It allows to get to the bottom of some political behaviors and to understand the negative effective of protectionism. The instructor also sends emails regularly attaching articles about the issues covered during the course, I found that very interesting because it helps to understand the current situation based on the material covered in class.

RECOMMEND CLASS

you will learn a lot about real world effects of international trade

SUGGESTED IMPROVEMENTS

he could improve by doing a little more review of exams
